Hastings Region Ecological Vegetation Class Map

This map is based on EVC maps of the modelled distribution of pre-1750 vegetation boundaries (NRE 2002). Less than 10% of native vegetation cover is remaining today within the Hastings region.

It is intended as a guide for determining the EVC in which you will be planting. For more detailed information regarding the boundaries of EVCs in this area, contact Mornington Peninsula Shire Customer Service.

1. Grassy Woodland
2. Swamp Scrub
3. Swampy Woodland / Swampy Riparian Woodland
4. Damp Sands Herb-rich Woodland
5. Heathy Woodland
6. Damp Heathland

Some other EVCs may be shown on the map that are not included in the legend above.
